

The Pixel Project's Anti-Violence Against Women Toolkit 2017

U.S. EDITION

the pixel project

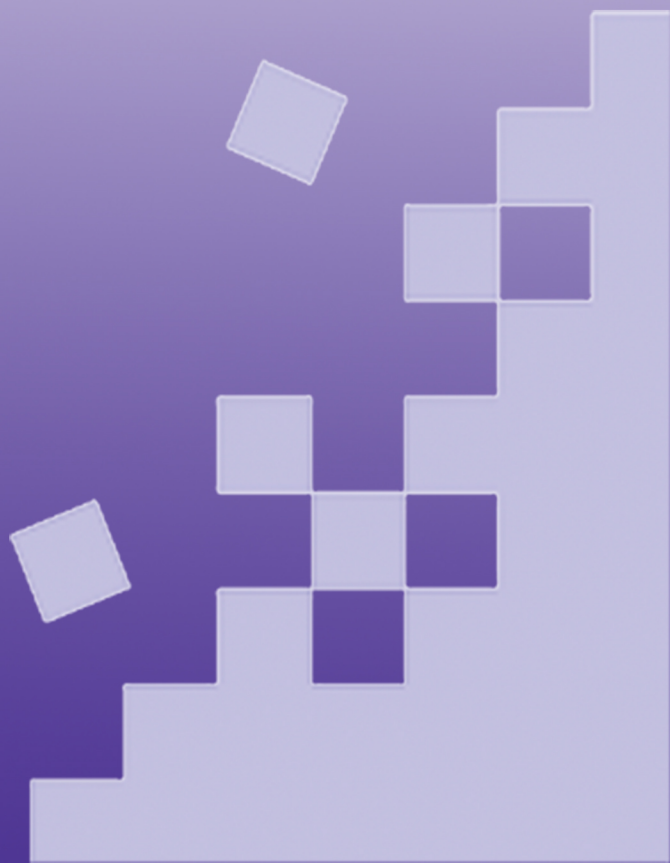

Introduction

The Pixel Project is a complete virtual, volunteer-led global 501(c)3 non-profit organisation whose mission is to raise awareness, funds and volunteer power for the cause to end violence against women using the power of the internet, social media, new technologies, and popular culture/the arts.

This collection of links to online resources was assembled by us to provide people new to the issue of violence against women and girls with:

- An introduction to various types of violence against women.
- Practical ideas, suggestions, and actions that you can take in your community to stop the violence.

It's time to stop violence against women. Together.

Overview: What Is Violence Against Women?
